The history of the NAACP, is one of blood sweat and tears. From bold investigations of mob brutality, protests of mass murders, segregation and discrimination, to testimony before congressional committees on the vicious tactics used to bar African Americans from the ballot box, it was the talent and tenacity of NAACP members that saved lives and changed many negative aspects of American society. While much of its history is chronicled in books, articles, pamphlets and magazines, the true movement lies in the faces—black, white, yellow, red, and brown—united to awaken the conscientiousness of a people, and a nation. This is the legacy of the NAACP!
